# Wellington Central

**Our strong partnerships with you and the local community are a vital part of your child's learning and well-being.**

Parents are a vital part of our team. We work hard to build a trusting and supportive relationship with you and your family. You will be invited to social events where you will have the chance to meet other families and experience different celebrations with your children.

To build a strong connection with the local community we go on regular excursions, day trips and explore the wonderful surroundings we're so lucky to have right on our doorstep. We'll visit **Te Papa Museum, Central Park, Wellington City Library, Cuba Street** and other exciting places.

- You can stay in touch through Storypark, an online tool to keep updated on your child's learning and development.
- We'll share regular learning stories and magic moments so you'll never miss out.

# Valuing early learning

**Barnardos Early Learning is committed to providing your child and whānau with excellent early learning.**

Together we will support your child to build confidence and identity, develop positive relationships, learn to problem solve, explore the natural environment and celebrate the richness of all cultures at our centre.

## Connecting with whānau

You know your child best; this means the relationship we have with you is an important part in helping us understand your child and create an environment that supports their individuality.

We make the most of every opportunity to get you and your whānau involved at the centre. Social events and celebrations are great opportunities for you to meet teachers and other families.
